

Gregory M. Fedele, MD, a Plastic Surgeon with The Art of Plastic Surgery

Get to know Plastic Surgeon Dr. Gregory M. Fedele, who serves patients in Beachwood, Ohio.

New York City, Aug 25, 2020 (IssueWire.com) - Dr. Fedele, a renowned plastic surgeon, is the Founder of The Art of Plastic Surgery in Beachwood, Ohio. Each aesthetic transformation of the breast, face, and body that he and his staff perform is tailored to achieve individual goals with the intention of exceeding expectations.

A leading figure in plastic surgery, Dr. Fedele provides a variety of advanced, state-of-the-art surgical procedures in a relaxed atmosphere, including rhinoplasty, facelifts, as well as body procedures such as breast augmentation, butt and arm lifts, and tummy tucks. He uses his artistic abilities, experience, and extensive surgical training, along with the latest plastic surgery techniques, to give each patient the results they desire. He realizes that each person is unique and has their own personal concerns and goals and that is why he works closely with them to tailor each procedure to meet their individual needs.

A native of the Cleveland area, Dr. Fedele attended St. Joseph High School in Cleveland where he played varsity football, pole-vaulted, and was captain of the track team. He went on to major in pre-medicine at The University of Dayton, where he earned a Bachelor of Science degree in Biology and Chemistry. He attended The University of Cincinnati College of Medicine where his interest in plastic and reconstructive surgery began to grow.

Dr. Fedele returned to the Cleveland area for his five years of general surgery training at Case Western Reserve University, University Hospitals of Cleveland. He then went to The University of Pittsburgh Medical Center, one of the top plastic surgery training centers in the country, for his plastic and reconstructive surgery training. He remained in the Pittsburgh area in private practice and was a Clinical Assistant Professor of Plastic Surgery at The University of Pittsburgh Medical Center, Division of Plastic Surgery before returning to his hometown of Cleveland to open his own private plastic surgery practice.

With an extensive background of both general and plastic surgeries, the doctor is a member of the American Society of Plastic Surgeons, the American Society of Breast Surgeons, the Ohio Valley Society of Plastic Surgeons, Robert H. Ivy Society of Plastic and Reconstructive Surgeons, the American College of Surgeons (Fellow), the American Medical Association, the Academy of Medicine of Cleveland, and the Northern Ohio Medical Association.

Voted a Castle Connolly Top Doctor by Plastic Surgery Cleveland for 2019, he is board-certified in plastic surgery by the American Board of Plastic Surgery (ABPS). The mission of the ABPS is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

An accomplished artist, Dr. Fedele attended the Cooper School of Art in Cleveland and took anatomical drawing and figure drawing classes at the University of Dayton. He is a medical illustrator with over 100 illustrations published in medical textbooks and scientific journals articles.

“I feel that an artist has a unique perspective and can better visualize how a procedure will enhance a person’s appearance. The human body is already a beautiful work of art and plastic surgery only enhances that beauty. I have the skills of a trained surgeon, but see things with the eyes of an artist. That is why I feel that plastic surgery is an art, and who better to perform plastic surgery than an artist”

expressed Dr. Fedele.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.

Outside of practicing medicine, Dr. Fedele enjoys playing the drums with his band "The Retractors."
