

## Jamall Robinson's company I Rock Music Inc builds an American Version of Tik Tok App called " Go Viral "

Go Viral app is the new American Tik Tok app taking center stage in America as Tik Tok shuts down its business in the country.

**New York City, Aug 30, 2020** ([IssueWire.com](http://IssueWire.com)) - **Go Viral** app, by [I ROCK MUSIC INC](#), is a complete destination for mobile videos and top the **app news** as it helps users to make short and exciting videos. The users can [download](#) the app from the Google Play store at no cost. The app is excellent for pet enthusiasts, sports fanatics, and even other types of users who are just looking for some good entertainment.

The I ROCK MUSIC INC. CEO [Jamall Robinson](#) states, "We are out with this viral app that is spontaneous and genuine. It gives a platform to the American people to showcase their skill as they were doing on the Tik Tok. The app is made personalized for the users as they can capture and create their original videos. There are several tools available that can take your videos to the next level with filters, music, and special effects."

Moreover, the Marketing Director and President of I ROCK MUSIC INC. [Rock Jacobs](#) states, "The users are going to love this advanced short-video version as they can customize the videos according to their taste and preferences. We have provided a shooting feature, pause and resume features in one video, creative effect, editing features, and much more."

The app is updated in the Google Play store and is a great fit to be used for Android users. It requires 5.0 and up versions to synchronize on a smartphone. The users can download Go Viral on their smartphones free.
