

## **Mariam Fahim, DO, a Pediatrician with Inscriptions Children's Clinic**

Get to know Pediatrician Dr. Mariam Fahim, who serves patients in Wildomar, California.

**New York City, Aug 11, 2020 ([IssueWire.com](https://www.IssueWire.com))** - Dr. Fahim is a friendly pediatrician who tends to patients at Inscriptions Children's Clinic in Wildomar, California. She strives to inscribe good health and good habits unto each child.

From well visits to treatment of illnesses and follow-up care, the goal of Inscriptions Children's Clinic is to provide quality, efficient, and comprehensive pediatric care that meets all of a child's needs.

Alongside her clinical role, Dr. Fahim serves as Chair & Assistant Professor within the Department of Pediatrics at the College of Osteopathic Medicine of the Pacific in Pomona, California. She teaches core clinical lecture sessions to second year medical students and plenary sessions to third year medical students.

A member of the American Academy of Pediatrics, the doctor is board-certified through the American Board of Pediatrics (ABP). The ABP exists to support and encourage the best possible health care for children by setting standards for medical training, assessing levels of competence, and encouraging pediatricians to stay up to date with medical knowledge and best practices.

After earning her Doctor of Osteopathic Medicine (DO) degree from Midwestern University Arizona College of Osteopathic Medicine, Dr. Fahim went on to complete her residency in pediatrics at Loma Linda University Children's Hospital.

Passionate about her profession, she attributes her success to her love of the medical field, as well as her desire to help children and their families feel good, and lead happier, healthier lives. To date, she remains affiliated with Loma Linda University Medical Center - Murrieta, Southwest Healthcare System, and Inland Valley Medical Center.

Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents. The American Academy of Pediatrics recommends people be under pediatric care up to the age of 21. As a pediatrician, Dr. Fahim provides medical care to people ranging in age from newborns to young adults. She is trained to examine, diagnose, and treat children with a wide variety of injuries and illnesses through all their developmental stages, as they grow and mature.
