

Mohammad S. Elmenini, MD, a Family Physician with Beaumont Hospital, Dearborn & Beaumont Hospital, Taylor

Get to know Family Physician Dr. Mohammad S. Elmenini, who serves patients in Michigan.

New York City, Aug 27, 2020 ([IssueWire.com](https://www.issuewire.com)) - Dr. Elmenini is a trusted family physician who has been in practice for nearly three decades, seeing patients of all ages. Licensed to practice medicine in Michigan, he is affiliated with Beaumont Health, more specifically: Beaumont Hospital, Dearborn & Beaumont Hospital, Taylor.

Beaumont Hospital, Dearborn has proudly served residents across southeastern Michigan since 1953. It is a major teaching and research hospital and home to three medical residency programs in partnership with the Wayne State University School of Medicine. Beaumont, Dearborn is verified as a Level 2 trauma center and has been recognized for clinical excellence and innovation in the fields of orthopedics, neurosciences (Stroke Center of Excellence), women's health, heart and vascular care, and cancer care.

Beaumont Hospital, Taylor opened its doors in 1977. This hospital provides specialty health care services with outstanding service for residents of Taylor and surrounding communities, including 24/7 emergency care, speech/language pathology and audiology, a pain management clinic, orthopedic surgery, mental health services, physical medicine and inpatient rehabilitation, and full service radiology with advanced CT and MRI.

Back in the early days of his academic career, Dr. Elmenini obtained his medical degree from the American University of Beirut Faculty of Medicine in 1993. He then went on to perform his internship and residency in family medicine at Henry Ford Hospital in 1996 and 1998, respectively.

With an unwavering commitment to his speciality, the doctor is board-certified in family medicine by the American Board of Family Physicians (ABFM). The ABFM is an organization that provides board certification to qualified family physicians who specialize in delivering comprehensive primary care for patients of all ages, genders.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

On a more personal note, Dr. Elmenini is fluent in both English and Arabic.
