

## Morphoice has Captured Timeless Essence with a Unique Edge in the Instrumental Track ‘Strange Nights’

The charismatic music producer Morphoice has belted out eclectic sounds of dance instrumentals in ‘Strange Nights’. The brilliant techno beats are exquisite.

**Heilbronn, Aug 18, 2020 ([Issuewire.com](http://Issuewire.com))** - The very talented freelance composer **Morphoice** has raised the level of mercury with his latest venture. The astounding music producer has come up with the fascinating instrumental track ‘**Strange Nights**’. He is also an author in fantasy and sci-fi and an incredible photographer who is based out of Heilbronn in Germany. He has dished out enchanting

instrumentals in dance, synth-wave, and synthpop. He is the owner of an avant-garde production house called '**L-Tracks Records**' that has up to the minute facilities. The instrumental tracks coming from his repertoire have got computerized horizons and the sounds belong to both past and future. To know more about the music producer, the fans can plug into his [Facebook](#) and catch a glimpse of his latest updates.

In the instrumental '[Strange Nights](#)' by the brilliant producer **Morphoice**, there is a whip-smart hook-line. The sassy beats have got the freshness and have soared up the summer heat. They have sounds of summer nights as the arenas get lit up in pinkish colored neon lights. The queued up ventures by the composer are shared on his [Instagram](#) and [Twitter](#) handle as fans can have a look at it.

The producer has belted out the instrumental with a lot of finesse. The cash registers have started to ring it is played in major mainstream airplay. The instrumental has a fervor of retro-futuristic fantasies that has memories from the past and it is stuck in a time warp. To listen to the incredible dance instrumentals by him, one can log on to popular music streaming sites like [Spotify](#).
