

Shijingshan District Announced Its Global Talents Recruitment Plan

Boston, Aug 28, 2020 ([Issuewire.com](https://www.issuewire.com)) - Due to the strong attraction of the 24th Winter Olympics and the huge potential released by the development of New Shougang High-end Industry Services, Shijingshan District is becoming one of the most economical areas in Beijing.

Many of the internationally competitive projects have landed and started.

This national old industrial base is transforming into a new stage of development and it is in a period of seizing the profound strategic opportunities for a comprehensive upgrade.

This global launch event is the first global launch event for talent policies held in Shijingshan District. The event was connected to the United States, Australia, Singapore, Hong Kong, and other places for simultaneous cloud live broadcast, sounding the horn of recruiting talents to the world and sending out talents.

On August 26, the global Conference of “Jingxian Plan” (The Global Talents Recruitment Plan) was held in Shijingshan District. This is the first global launch event for talent policies held in Shijingshan District. The event was connected to the people from the United States, Australia, Singapore, Hong Kong and

other places for simultaneous cloud live broadcast, attracting global talents.

As the conference announced, the district has the demand for technical talents and management talents of various types of enterprises accounted for 57% and 29% respectively. The technical category mainly involves degrees of computer science, electronic information, automation, communication technology, software engineering and microelectronics, etc. Management category focuses on economics, finance, statistics, business management, human resources, psychology, etc. Marketing category focus on communication and advertising journalism.

Shijingshan District has established a special talent development fund of 50 million yuan per year. After being identified, high-level talents will receive a special reward of up to 1 million yuan to improve working and living conditions and get tax returned for the identified high-level talents. Jingxian talents will be awarded a "Jingxian Card". This "Jingxian Card" will become a unique and exclusive logo for talents in Shijingshan District. Cardholders will enjoy a series of C-bit services, including government affairs procedures fast channels, VIP treatment for bank, hotel and transportation, preferential rental of high-end talent apartments and enjoy relevant subsidies, outpatient appointment services for designated hospitals and designated departments in the top hospitals, health check-up services, accident, and health insurance protection, tangible In order to allow talents to fully enjoy the capital's high-end medical and educational resources, they can enjoy "Jingxian" treatment in terms of housing, settlement, and employment.

At the same time, the establishment of the "Introduction of Talents Bole Award" will give a special reward of up to 1 million yuan to enterprises or intermediary agencies for talent introduction, and up to 500,000 yuan of financial support to units that establish academicians workstations, postdoctoral workstations or talent training bases. This award was established to support the development, training, communication platform construction of talents.

438 positions will be available on the platform and global talents are welcomed to learn more details about these opportunities on their website.
