

American Alliance For Military Veterans Releases EBook On How Veterans Nationwide Can Run For Elected Office

Virginia Beach, Sep 22, 2020 ([Issuewire.com](http://www.Issuewire.com)) - The American Alliance For Military Veterans is releasing an ebook on how veterans nationwide to run for elected office at the federal level.

The free ebook, entitled, “Are You A Veteran? We Need You In Congress!” is available to read or download at www.aamvpac.org. It’s a comprehensive guide on the process of seeking elected office. It presents the background of veterans pursuing Congressional roles, the benefits of running for office, and steps detailing how a military veteran can run for office. It also presents what every veteran needs to know.

The first step is to get involved at the local level in order to raise visibility and effect change in the community, largely by participating in community organizations committed to serving the public.

The next step is to get to know the constituents, as it's imperative to develop a deep familiarity with the immediately surrounding environment, the policies that impact local citizens, and what citizens expect from the people they elect to represent them in Congress.

The ebook also encourages veterans to seek a proper education about the process and to put together a winning team. Being surrounded by a strong, effective team is likely to increase the likelihood of winning. Additionally, a team of volunteers can prove essential to overcoming financial barriers.

A broad spectrum of resources is available to guide veterans who aim for elected office at the federal level. The Alliance is committed to providing the support required to step into public service.
