

Beck Martin gets the party started with his infectious voice and addictive groove overstuffed in ‘Friday Night’

Versatile artist Beck Martin releases a power-packed EDM anthem ‘Friday Night’ that gets the audience grooving endlessly to its rhythm since the very first beat.

London, Sep 23, 2020 (IssueWire.com) - A versatile artist who is taking the future of EDM music to another level with his artistic brilliance and creativity is **Beck Martin**. Apart from being a fitness enthusiast and an author, this talented artist has received recognition from the mainstream audience for his outstanding music creations that readily uplifts the mood of the listener. The singer’s

infectious energy, positive vibes, and love for life inspire people to live life to the fullest. Coming across such pumped up artists is a rare thing to embrace in recent times, but this prolific talent set his style and energy straight to fully engage the audience.

On his latest song '[Friday Night](#)' that comes from the album I love my life, the singer has taken a different approach to create club music and the result is a superb and solid power-packed track that is sure to hook the listeners till the very last beat. The artist's catchy and engulfing vocals do a fabulous job to deliver the impactful words that make the record an easy dance-floor hit. The consistent beating of drums, the electronic instrumentals, everything has been arranged beautifully to get that Friday feeling coming in. The song has an unmatched groove that lets the listener dance freely to its beats.

Coming from London, **Beck Martin** rose to fame in 2016 after auditioning for the 13th series of The X Factor and is most popularly known as Mr. Friday Night. The artist drives a true passion towards living life to the fullest and the song '**Friday Night**' that has been built under the label New World Arts Ltd. Is an easy reflection of the same. Currently, the artist is writing a book and planning to record Friday Night Radio Edit official music video, and also conquer MTV. Listen to him on Spotify and follow him on [Twitter](#), [Facebook](#) for more details.
