

Free Treatment for under 18 and Free ACC Treatment - Help You Remain Always Healthy

Auckland, Sep 10, 2020 (IssueWire.com) - Certified dentistry - Stoddard Dental Square has announced to provide free treatment for teenagers of the group between 13 to 18 years of children. In order to have our dental treatment free, children below 13 years of age must get a referral letter from their school dentist. If not, they have to make a payment.

Providing highly skilled dental care for patients of all age groups within their budget, we have established ourselves as a trustworthy brand among Kiwis in Auckland. The owner of Stoddard Dental, Shivam said, we can help patients with Chiropractic, Acupuncture, Nephropathy and Massage Therapy. Understanding the concern of the respective individual, He always remains helpful to the patients allowing them to achieve their goals for health and well-being.

We at Studded Dental Square provide routine dental care and oral health education to teen group between 13 years to 18 years old. Procedures we may perform include delivering local anaesthetics, fillings, primary tooth extraction, professional cleans, fissure sealants and fluoride applications and more. [Free Treatment for under 18](#) help children under 18 years of old to benefit with one free dental examination every year. But in between, if there is another problem, they can make another free appointment. The great thing is that they may not be able to cover the full cost of treatment. Some of the

treatments like orthodontic care and tooth whitening is not free for children under 18 years of age.

At stoddarddentalsquare.co.nz, we educate the patient about the treatment and dental service they can receive from us. Being a certified dentistry service provider, we also provide Accident Compensation Commission and we make sure that you get the proper care that you truly deserve after a shocking accident.

As a part of our mission for accessibility in innovative and standard healthcare, we have adopted a [Free ACC treatment](#) approach to make your recovery as easy as possible. Understanding the big toll and cost that injuries place on your life, we help you access the best and comprehensive service by our expert practitioners absolutely Free under ACC. The great things are that we have found that providing absolutely Free treatment for ACC covered injuries allow patients to see through the complete course of their treatment back to 100% of pre-injury health.

No referral from your doctor or paperwork is needed as our friendly team help you easily navigate the ACC system and get benefitted. Browse us at <http://www.stoddarddentalsquare.co.nz> for details.
