

Abhinav Ojha leads with Proficiency in App Marketing

21 year old youngest Digital Entrepreneur and best selling Author

kolkata, Oct 12, 2020 (Issuewire.com) - Abhinav started his digital journey back in 2016 when he was 17 years old. He had a great passion for technology from his childhood days. He started his journey writing blogs which failed considerably. After spending two years writing blogs, he began developing android apps in the year 2018. He started his mobile app business with just \$10 in his hand however he soon found the recipe for ranking his apps on google play store. Currently, Abhinav has 15+ android apps available on play store with over 500000+ downloads on google play store. 90% of his apps are

ranked in the top 10 of google play store. He soon launched his first book on app marketing " Advanced guide to ASO(App Store Optimization) with Digital Marketing which became a bestseller on Amazon. He further wrote his second book " Beginners guide to ethical hacking and cybersecurity which also was a best seller book on amazon. Both books have readers globally. Moving forward passionately Abhinav has just launched his App Marketing Video course "Complete App Marketing and ASO Masterclass ".

Abhinav Ojha is one of the youngest App Marketing and ASO Expert who is setting the impeccable record for people in this very young age of his. The main motive of Abhinav is to bring as many people online and explore online opportunities for generating income rather than seeking a job.
