

Monica Alford, RN, a Registered Nurse with Tift Regional Medical Center

Get to know Registered Nurse, Monica Alford, who serves patients in Tifton, Georgia.

New York City, Oct 26, 2020 ([IssueWire.com](https://www.issuewire.com)) - Monica is a well-versed registered nurse who works at Tift Regional Medical Center in Tifton, Georgia.

With a reputation as an innovative provider of quality care, Tift Regional Health System (TRHS) is a growing, not-for-profit hospital system serving 12 counties in South Central Georgia. TRHS offers more than 135 physicians with expertise in over 30 specialties. It provides a wide-range of care, including signature services in surgery, oncology, cardiovascular care, women's health, neurodiagnostics, geriatric psychiatric care, radiology and more.

A part of TRHS is Tift Regional Medical Center, a 181-bed regional referral hospital located in Tifton at 901 East 18th Street. Its mission is "to serve the health needs of the patient as well as those of the communities we serve."

Prior to the start of her career, Monica earned her nursing degree from Abraham Baldwin Agricultural College, School of Nursing and Health Sciences in 2016.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
