

## New Candle Company to Dominate Scented Candles Market as Gold Canyon Closed Its Doors

Candle Mayhem, a new scented candles online shop, offers a wide range of scented candles at affordable prices. The company produces natural wax candles made from 100% genuine soy wax and essential oil.

Phoenix, Oct 26, 2020 ([IssueWire.com](http://IssueWire.com)) - Gold Canyon, one of the best scented candles companies in the United States, has closed its doors and is no longer in business. It's very hard now to find high quality scented candles like Gold Canyon's candles. [Candle Mayhem](#), a new company based in Phoenix, Arizona, is a new candle company to watch for, as it produces a wide range of scented candles that are made of 100% soy wax and essential oils like Gold Canyon's candle. The company representative, Mya Warren, explained, "Our candle products are made of 100% natural wax ingredients, and it is better than paraffin wax. Soybean wax uses a natural ingredient and is eco-friendly because it's renewable. Not like paraffin wax, which is made from petroleum. Petroleum is non-renewable material, and it releases potentially dangerous chemicals."

[Scented candles](#) or aromatherapy candles are great for interior decoration elements, and it gives the room a calm and relaxed atmosphere. Scented soy candles don't release harmful toxins into the air. It releases soothing, health-reinforcing soy into the room atmosphere, giving the body a sense of calm. Candle Mayhem is an online candle shop with a wide array of natural candles starting from \$2.49 to \$65.00. The website is designed with easy navigation and beautiful design to attract customers and a great shopping experience.

Scented candles are not only making a room beautiful but also provide a warm and comforting ambiance. They can be placed on wall candle holders, in bedrooms, or as lighting and tiny detail interior elements.

*"Thank you, Candle Mayhem, now our family can get their favorite scented soy candles like Gold Canyon cables,"* said one of the customers.
