

## Susan Waters Releases New Single 'I Am Yours'

The singer/songwriter searches for inner strength on reassuring new song

**Minneapolis, Oct 13, 2020 ([IssueWire.com](http://IssueWire.com))** - The run-up to Susan Waters' debut has included global anthems and personal stories of faith and redemptions alike. Susan's latest single is her most introspective yet, detailing her journey to find the inner strength needed to surrender to a higher power.

"On the outside, my life was falling apart, on the inside my heart was bleeding," Susan sings in the opening verse. It's a confession that likely will ring true for many listeners who have seen their lives turned upside down in recent months. Fortunately, Susan isn't one to simply wallow in her pain. Once her troubles are out in the open, Susan's faith allows her to give up control and accept the world around her. A cathartic and comforting listen, 'I Am Yours' is Susan at her vulnerable best.

'I Am Yours' is available everywhere Oct. 2, 2020

Susan's Full Length Debut 'Rivers in the Desert' arrives Oct. 16
