

## The Duroplast Story — Know more about our company

# Duroplast®

## uPVC Window & Door Systems

**kolkata, Oct 29, 2020 ([IssueWire.com](http://IssueWire.com))** - The story of Duroplast started in the year 1986, with the manufacturing of PVC profiles for Windows & Doors and has further diversified into manufacturing of uPVC windows & doors for the first time in eastern India. And now, Duroplast is one of the largest manufacturers in this sector.

Today we are privileged to be connected with a huge number of happy customers in India with various products ranges which have been widely accepted by different construction agencies in Central and State Government sectors like — CPWD, PWD (West Bengal), Coal India Limited, KMDA, Railways, MES. Kolkata Improvement Trust, Airport Authority of India, Postal Departments, RBI, etc. and many other Private Sectors.

### **Duroplast — Mission**

Our Mission is straight and simple —To provide high-quality uPVC & PVC extruded profiles, windows & doors & superior customer services with the focus to ensure customer's satisfaction.

### **Why do our customers trust us?**

Because we value our customers and give our utmost concentration on our company core values —

Commitment - Do whatever it takes to deliver superior customer value.

Courtesy - Towards our Customers, Employees, Vendors and the Society at large.

Integrity - Honesty in every action.

Speed - Act with urgency to deliver what we promise.

Team-work - Thinking and working together across hierarchy levels.

### **Duroplast Products -**

To give a general overview of our vast range of premium products, we can broadly classify them as :

## uPVC Windows —

Sliding Windows, Casement Windows, Twin Sash Windows, Combination Windows, Bay Windows, [Tilt & Turn Windows](#), Parallel Windows, Vertical Sliding Windows & Louver / Ventilator.

## uPVC Doors —

Sliding Doors & Casement Doors.

## Our Resolution —

We owe our mother earth, and we at Duroplast have formulated unique additives which makes our product durable and sustainable. This long lasting durability of our products reduces resource wastage. It's our resolution for a better earth, keeping in mind the health and environmental issues, our products are also eco friendly and fully recyclable.

## Infrastructure —

Our well-developed state - of- the - art production units are located in Kolkata and Howrah — spread across a massive area, it is divided into separate vicinity of extrusion facility for uPVC & PVC profiles. We have a fabrication unit for uPVC windows & doors, designing, printing and tool-making unit with all the advanced machinery & necessary equipment which are managed and maintained by qualified professionals.

## To end the note —

We abide by the best business values and ethics and stringently adhere to our quality policies. Focusing on an intensive research process, we bring optimum solutions to our client's problems. Our spirit of innovation has always been focused on our desire to perform at the highest levels of quality and efficiency and to deliver innovative, high quality and customer-focused solutions to our customers and thus it helps us to gain customer's appreciation and satisfaction from all over India.
