

A. Mustajeeb Haseeb, MD, a Hematologist-Oncologist with California Cancer Associates for Research and Excellence

Get to know Hematologist-Oncologist Dr. A. Mustajeeb Haseeb, who serves patients in Fresno, California.

New York City, Nov 17, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Haseeb is a hematologist-oncologist who is passionate about patient care and incorporates cutting-edge cancer research, innovative cancer treatments, and emotional support into his treatments. He is affiliated with California Cancer Associates for Research and Excellence (cCARE) in Fresno, California.

cCARE is the largest full-service, private oncology and hematology practice. The expert team of board-certified oncologists, hematologists, nurses, and other highly skilled cancer care professionals offer extensive services and care for every step of a patient's cancer treatment, including oncology, chemotherapy, radiation oncology, infusion, and imaging. "At cCARE we believe that cancer treatment is more than just medicine. It's also about compassion, prevention, research, and wellness" as stated on the practice's website.

Dr. Haseeb's patients have excellent things to say about him, one stating "Dr. Haseeb is amazing! He is very knowledgeable. He spends ample time to explain things in simple terms. He is very confident. Very patient and very soothing. Excellent bedside mannerism. I am so grateful that I have him as my oncologist."

Academically, Dr. Haseeb earned his medical degree from Dow Medical College in Karachi, Pakistan. He then went on to complete his internship and residency in internal medicine at St. John's Mercy Medical Center, followed by his fellowship in hematology and oncology at Saint Louis University. He was honored as a valedictorian throughout his education and excelled in clinical research at Saint Louis University.

Dedicated to excellence, the doctor is board certified in both internal medicine and medical oncology by the American Board of Internal Medicine, a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. He is also affiliated with Saint Agnes Medical Center.

Hematology, also spelled haematology, is the branch of medicine concerned with the study of the cause, prognosis, treatment, and prevention of diseases related to blood. Oncology is a branch of medicine that deals with the prevention, diagnosis, and treatment of cancer. A hematologist-oncologist is a physician who specializes in the diagnosis, treatment, and/or prevention of blood diseases and cancers such as iron-deficiency anemia, hemophilia, sickle-cell disease, leukemia, and lymphoma.

Happily married, Dr. Haseeb and his wife, Saba, have three children. In his spare time, he enjoys art, singing, and playing guitar. He is a member of the Fresno Cricket Team.
