

Boi-Dieu Nguyen, OD, an Optometrist with Kleiman Evangelista Eye Center

Get to know Optometrist Dr. Boi-Dieu Nguyen, who serves patients throughout the State of Texas.

New York City, Nov 11, 2020 (IssueWire.com) - Dr. Nguyen is a talented optometrist with Kleiman Evangelista Eye Center. She relies on the latest medical knowledge and technologies to offer patient-centered treatment, taking a professional approach to everything she does.

“Cataracts, retinal disease or ailments, astigmatism, glaucoma, and general vision and eye health issues are all things we are equipped to help our patients with. For over 36 years, Kleiman Evangelista Eye Center has been one of the most trusted eye care centers in the Dallas-Fort Worth area. When you come to us for help, whether for LASIK, glaucoma, or other services, our promise to you as a patient is we will do everything possible to help you reach your vision and eye health goals” as stated on their website.

At the start of her education, Dr. Nguyen graduated from Baylor University with a Bachelor of Arts degree in Psychology with a minor in Biology. She then went on to earn her Doctor of Optometry degree from the University of Incarnate Word Rosenberg School of Optometry in 2018.

During her time in optometry school, she was invited to join the prestigious Beta Sigma Kappa

International Optometric Honor Society. She was also inducted into the Gold Key Honor Society, earned her student fellowship with the American Optometric Academy, and competed as a school representative in 75th Varilux Optometry Bowl.

In her optometric studies, Dr. Nguyen completed externships at the Rosenberg School of Optometry Eye Institute in San Antonio, Texas; Thomas E. Creek Department of Veteran Affairs Medical Center in Amarillo, Texas, and finished at Eye Center of Texas Ophthalmic Clinic in Houston, Texas before joining the team at Kleiman Evangelista Eye Center. During her rotations, she gained experience and proficient knowledge in the diagnosis and treatment of ocular diseases, refractive surgeries, and management of glaucoma.

Attributing her success to wonderful teachers, professors, and mentors, Dr. Nguyen has served on medical mission teams to Oaxaca, Mexico with Volunteer Optometric Services to Humanity. She is an active member of the Texas Optometric Association and the American Optometric Association.

Optometry is a health care profession that involves examining the eyes and applicable visual systems for defects or abnormalities, as well as diagnosing and managing eye disease. Optometrists are healthcare professionals who provide primary eye care through comprehensive eye examinations to detect and treat various visual abnormalities and eye diseases. Being a regulated profession, an optometrist's scope of practice may differ depending on the location. Thus, disorders or diseases detected outside the treatment scope of optometry (i.e. those requiring certain surgical interventions) are referred out to relevant medical professionals for proper care, more commonly to ophthalmologists who are physicians that specialize in the tertiary medical and surgical care of the eye. Optometrists typically work closely together with other eye care professionals, such as ophthalmologists and opticians, to deliver quality and efficient eye care to the general public.

In addition to being fluent in English, Dr. Nguyen is proficient in Spanish and Vietnamese optometric eye examinations.
