

Jay Carlin drives with a Masterful Command of Pop Rock in the New Song ‘Stay the Same’

The blissful pop-rock melodies and fresh lyrical magic in the new singer/songwriter Jay Carlin’s latest song titled ‘Stay the Same’ gathers all the memories of the past.

Bangkok, Nov 10, 2020 (Issuewire.com) - Introducing a beautiful yet complicated arrangement produced by the singer and songwriter [Jay Carlin](#), coming out of Thailand. The American versatile artist tries to feed this generation with his colorful verses and medleys of melodies in the new pop-rock single ‘[Stay the Same](#)’. The blissful rendition targets to bring out the joyous moments that everyone has left behind in their childhood, the fragrance of lost friendship, and the simplicity of expectations that no longer are felt. He drives with an engaging sense of progression and flaunts his love for classical music by presenting the free-flowing pastiche all over his latest track.

He is an American singer who is settled in Bangkok, Thailand, since 2012. Besides being an artist and music engineer, he is a successful teacher who has always worked for the progress of the students in every mental and creative form. He gives new ideas to fellow musicians and the students who pursue music with his independent style of progressive sound. Drawing influence from a variety of sources that include world music and classic hits, he produced his debut album titled “Phases” in 2013. The beguiling events in his life inspired him to see the truth of love, relationships, and friendships that reflects in his recent songs. The fun of breaking rules and being cynical to stand out

from the crowd give him the motivation to make songs about his life.

'**Stay the Same**' has its fun parts and a stream of bygone memories that **Jay Carlin** implies as the good old days he remembers. It is a collection of memories of living a carefree life in almost 10 different places. As he changes a place, he meets new people and makes some unforgettable moments to write a song about. 'That Song' and 'How Do I Look?' are the biggest hits from his new album Time Machine released in 2020, amidst the pandemic.
