<https://play.google.com/store/apps/details?id=com.turbulence.FinalLastWish>

LAST WISH is a Made in India game and it's being termed as an iconic game in terms of the level of Artwork and gameplay. The development of this game started in March 2020.

"The highlight of the game in addition to its next gen graphics is that Last wish is both a multiplayer and a story mode game." says the founder of Turbulence Entertainment Pvt Ltd.

Turbulence Entertainment Pvt Ltd is an entertainment company where they will mainly concentrate on

gaming. More than 80 people have worked on Last Wish including freelancers.

In the future the team at Turbulence Entertainment plans to expand their gaming community.

After the ban of Chinese games and apps, Indian mobile gamings Startups have risen to the occasion in providing viable options to the Indian mobile app gamers. As per latest statistics from statista, Revenue in the Mobile Games segment is projected to reach US\$1,235m in 2020. Revenue is expected to show an annual growth rate (CAGR 2020-2025) of 6.1%, resulting in a projected market volume of US\$1,663m by 2025.

The team at Turbulence Entertainment also aim at providing top-quality and engaging games to its subscribers by using the latest technology and the best talent when it comes to gaming.

The game is engaging and keeps you on the edge. The excellent artwork and sound effects add to the entire experience. The game is very engaging for all types of gamers. They will offer multiple features in game.

The main theme of the game is based on horror and suspense where Emma, Chris and Robert will make your life full of adventure and fun.

“Last Wish is a horror story-mode, multiplayer game. This is a multiplayer game which can be played with friends and family.” says the founder of Turbulence Entertainment Pvt Ltd.

Last Wish will be available on different platforms like Android, IOS and PC.

Encouraged by the positive response of the users who have pre-registered, Turbulence plans to launch the game on all platforms soon.
