Mumbai, Nov 11, 2020 (Issuewire.com) - Masks that make a difference

Primeway P29 Copper Mask has a patented infused copper ions coating & deodorizing technology from South Korea, the leaders in the fight against the Covid-19 pandemic. The antiviral properties of copper are harnessed to make the safest, most comfortable face mask in the market today. The sleek Mask has

two layers of filter which maximizes protection. 1st layer is completely coated with copper, giving an outstanding antibacterial effect & 2nd layer is the filter PU Foam Layer. Copper ions are infused in the threads to provide long-term effectiveness & exert super antibacterial performance against various bacteria, germs, and viruses. The copper coating protects against viruses by not only blocking but also killing 99% of germs. The mask is accredited by esteemed organizations like Kotiti, Foam Works, Fiti, and SGS. They're sold online exclusively through the Primeway portal making these accessible to people across India.

Made for all indoor & outdoor activities & Sports

The Primeway P29 Sports Mask, specially made for all outdoor activities like Training, Cycling, Running, Workouts, Training, Exercise, Hiking is featherlight, comfortable, and safe. The sleek black mask has a Copper Coating that effectively reduces odor and provides fresher breathing and cleanliness in the mask.

The coating also filters out any kind of harmful dust and nano airborne particles. This premium mask contains infused copper ions which give an outstanding antibacterial effect. While it has all these protective layers, it also ensures to provide great breathability. To top it all, this sports mask has an inbuilt Air Purifier Filter with a 3D ergonomic design for cooler breathing and is Anti-Fogging that prevents fogging while wearing glasses. The smooth fabric leaves no room for an itchy feeling or pain behind the ears while maintaining maximum face coverage. It is easily stretchable, soft, and can be worn for long durations without any facial chafing or allergies. Another great quality of the mask is that it can be reused up to 50 times with gentle washes with cold water only and dries quickly. While it stays put on your face the entire time it is worn, it also has extra space for better air circulation which allows clear audibility, making communications easy. This brilliant quality mask is abundantly available for purchase online.
