

Chris Turton Ecommerce Simplifies Your Amazon Journey with Amazon Agency Services

Chris Turton's Ecommerce platform leverages years of experience with Amazon and ecommerce to deliver Amazon Agency consultancy and marketing services tailored according to client requirements.

Shrewsbury, Dec 2, 2020 ([IssueWire.com](https://www.issuewire.com)) - **Chris Turton Ecommerce** offers dedicated Amazon agency services to help your business perform exceptionally on the world's biggest eCommerce platform. Amazon has been at the top of the eCommerce industry for many years now and will continue

to be in the future. So, companies need trustworthy advertising and consulting services to ensure that their services get noticed on Amazon.

The prominent services offered on Chris Turton's eCommerce platform in the Amazon Agency category include Amazon SEO, brand registry, marketing services, and seller or vendor support. The platform offers high-quality brand listings focusing on keyword and visually enriched product description pages. Customers can also access a collaborative approach for seller or vendor support with the company's previous experience with different US and UK accounts.

Chris Turton's eCommerce services also provide the brand registry with their expertise in working with different brands on Amazon. Almost 85% of the clients on the platform are brand owners, and the platform also offers visibility of their store and higher listed pages. The platform's marketing services also come with higher cost-efficiency and specifically tailored advertising console consultancy for clients.

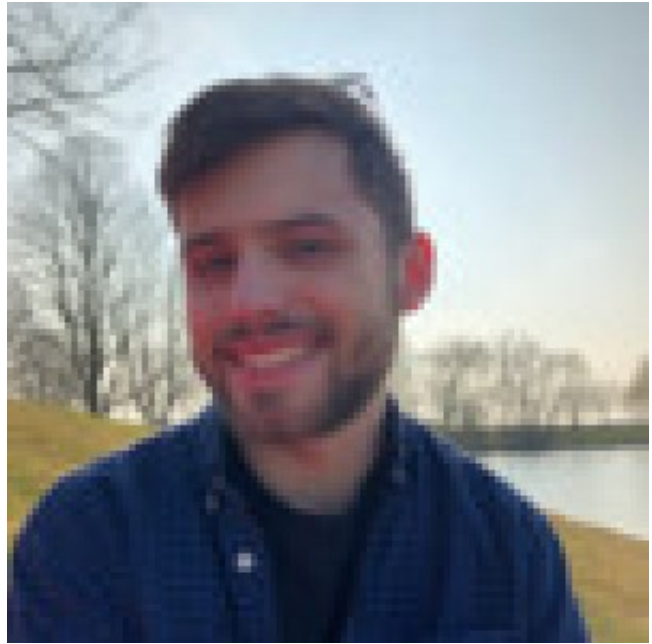

The strengths of **Chris Turton Ecommerce** Amazon Agency services are evident in its identity as a marketing agency focused particularly on Amazon. It provides advertising and consultancy services through tight collaboration with clients. It provides cost-efficient services across vendor and seller-centric platforms for desired business training and support. Chris Turton created the Amazon sales agency and consultancy, Ecommerce Intelligence, after 12 years of experience with eCommerce and Amazon. Presently, the agency works with around 20 different vendor and seller accounts worldwide, including household names. As a result, it can leverage the optimal power of the platforms to round up effective approaches for the execution of a business's sales and marketing strategy on Amazon.

Chris Turton's Ecommerce Amazon Agency services include the following,

- FBA services
- Obtaining Prime badge of Amazon without FBA
- Purchasing box acquisition from competitors
- The facility of storefronts and top-notch content
- Optimization of product listings and SEO
- Management of appeals and intellectual property violations
- Seller and vendor account support
- Support of marketing services along with sponsored products and brands

The Amazon Agency services on Chris Turton's Ecommerce platform do not impose any retainers or sales commissions in their pricing. The hourly pricing with in-depth, accurate client reports establishes improved transparency in working with clients.
