

Megan Steiner, DDS, a Dentist with Delafield Dental

Get to know Dentist Dr. Megan Steiner, who serves patients in Delafield, Wisconsin.

New York City, Dec 23, 2020 ([IssueWire.com](https://www.issuewire.com)) - Dr. Steiner brings an irresistible blend of skill, artistry, experience, and joy to Delafield Dental in Delafield, Wisconsin. She leverages her extensive experience in performing restorative treatments, such as same-day crowns, dental implants, and full smile rejuvenation to bring customized care to each patient.

From comfort to dental care, Delafield Dental wants each patient's experience to be everything they are

looking for. The team of experts will go the extra mile to help them reach smile goals! With advanced technology and modern amenities, they invest the best into each patient to give them a great experience and help them attain the smile they have always wanted as well as maintain a healthy smile for life.

Getting to know each and every one of her patients is a priority for Dr. Steiner, who knew she wanted to be a dentist from a young age. She graduated from Boston College with a Bachelor of Arts degree in History and a Minor in Chemistry, and then went on to graduate Cum Laude with her Doctor of Dental Surgery degree from the Marquette University School of Dentistry.

To ensure her patients are receiving the highest quality care, she employs the best of modern technology, treatments, and an elite lab. She is a sought-after advanced injector of BOTOX®, dermal fillers, and other esthetic techniques through the American Academy of Facial Esthetics. Dedicated to the craft of enhancing natural beauty and the use of innovative techniques, she helps her patients achieve their esthetic goals.

With a love for learning, Dr. Steiner strives to be at the forefront of dentistry. She regularly attends the industry's most renowned study clubs and continuing education workshops, some of which include the Spear and Clinical Mastery Series.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

With a track record of community service and volunteerism, Dr. Steiner has worked with Mission of Mercy in 2009, 2010, and 2012 to provide free restorative dental care to patients in need in La Crosse, Sheboygan, and Madison.

When she is away from Delafield Dental, one can find her enjoying life with her husband and three adventurous boys.
