

Seicane Launches New Models of Car GPS & Radio System

Seicane Launches New Models of Car GPS & Radio System for Jeep & Chrysler Cars

Shenzhen, Dec 18, 2020 (IssueWire.com) - Car stereo systems are vehicle audio equipment installed in a car or other vehicle in order to service patrons with in-car entertainment and impart information to the drivers and the riders inside the car.

But over the years it has evolved to become more than just an in-car radio system. It now includes the functions of an Android system, FM/AM RDS radio, DVD player, GPS Navigation, Bluetooth, WIFI, 3G/4G Net, OBD, DAR, a rearview camera, TPMS, etc. Some of these functions lie a few clicks away from the steering wheel from where they can now be controlled. Also, facilitate voice commands via Car Play or Android Auto.

Here the discussion today is about Seicane: a company that works in the installation of car GPS navigation, car radio, and car stereo.

About Seicane:

Seicane is a comprehensive new and high technology company specializing in the production of Car DVD with GPS Navigation, Rear View Camera, GPS Tracker, and other car Audio & Video Products.
