

The Wed Cafe Offers Exciting Discounts On Pre-Wedding Shoots

New Delhi, Dec 4, 2020 ([IssueWire.com](https://www.issuewire.com)) - The Wed Cafe, a renowned wedding photography company in Delhi, India has recently announced heavy discounts and exciting offers on pre-wedding shoots. Following the ongoing wedding season, the company aims at making the overall wedding photography packages affordable for couples planning to get married anytime between December 2020 to February 2021.

The Wed Cafe is a team of professional wedding photographers who are always concerned about delivering customer-centric services. Considering the present market uncertainties, the company is providing attractive deals on making a booking for pre-wedding shoots before December 15, 2020.

Delighted with the announcement of discounts, Rajesh Luthra – Founder of The Wed Cafe and a renowned Fashion & Wedding photographer said, “The current pandemic scenario has impacted the way ceremonies and events take place. With stringent safety protocols, couples are enforced to plan their wedding with a limited number of guests. This results in a big opportunity for them to plan their pre-wedding and wedding photography in a flamboyant way.”

“Coming up with this offer is completely in sync with the present market dynamics and needs of the couple. The discounted package cost will allow the couples to spend more resources on planning innovative and out-of-the-box concepts”, he added.

Due to the onset of COVID, pre-wedding and engagement shoots have become an innovative way to narrate the story of the couple. Since destination weddings seem far off due to travel restrictions, the concept of planning a dreamy and mini getaway for pre-wedding shoots with a limited number of professionals are becoming more common.

The Wed Cafe specializes in turning off-beat concepts into reality. It has an in-house team of professional wedding photographers – highly experienced and talented in candid and traditional wedding photography and cinematography. It makes the big day of couples special by capturing the most realistic emotions with utmost perfection.

About The Wed Cafe

Started in 2011, by an ace fashion and wedding photographer – Rajesh Luthra, The Wed Cafe embraces the contemporary style of capturing blissful moments at weddings. It specializes in bringing offbeat concepts into a reality that are preserved for life.
