North Carolina, Charlotte, Jan 22, 2021 (IssueWire.com) - Dr. Christine Kozachuk founder and CEO of Every Girl Wins Institute awards the “Winning Ambassador Award” to ten International Every Girl Wins Representatives in ten countries. South Africa, Canada, London, Scandinavia, South Sudan, Kenya, Nigeria, Uganda, Haiti, and Jamaica.

Dr. Kozachuk states, that I am excited about awarding the International Every Girl Wins Representatives with the Winning Ambassador Award. The work that they are doing in their countries and worldwide for females is astonishing.

Every day they stand for our mission to educate and inspire the world to accept all females as an equal and stand as one to achieve legal and systemic change that addresses “Her Right” for equity.

Dr. Ebere Nweze Scandinavia Representative states it was with great joy and humility that I received the award which was made possible by the kindness of Dr. Christine Kozachuk and the support of Sir Clyde Rivers. The award elicited mixed feelings of gratitude that someone somewhere has recognized me for the work I have done among girls and women which has spanned almost four decades from the time I was a tiny junior school girl who borrowed and devoured novels written by women about their lives from the school library. That tiny girl formed a study group of girls who read novels and told stories about women. Without knowing it, that time would shape my life long study of women and work among and with women from different parts of the world.

Ijeoma Noble. Agugbue, Nigeria Representative states, being recognized with the award of community Honoree by Every Girl Wins Institute for my little contribution to my community is definitely an extraordinary encouragement and honor. It was definitely the most satisfying moment of my life. I felt very blessed. Although, receiving an award was never the primary reason for being who I am. My primary goal in life is to care for people, particularly women and children, because I feel they are vulnerable. If I may say, this award is undoubtedly an inspiration to continue in whatever I am doing in my community. It sparked off a lot of interest, passion, and zeal. It makes me want to go out there and ensure that every girl's dreams are fulfilled. I want marginalization to stop. I am filled with more vigor and enthusiasm to help every girl win.

Dr. Kozachuk is a hands-on leader and on her trips to different country throughout the world she has inspired and motivated thousands, where ever she speaks she mentors the women and girls to know, no matter what they are going through, they can create the life they deserve, that they are WINNERS! Dr. Kozachuk says all women and girls have dreams for a better life in which Dr. Kozachuk knows with the right tools, education, and guidance they will succeed.

Every Girl Wins Institute was created based on the life skills and observations of women of the world from the founder. What she has experienced is the beliefs of women are holding them back from creating the life they deserve. Over and over again, she would hear women talk about not being confident enough or worthy enough because of certain circumstances that have happened in their lives.

The founder herself had also experienced the same things in her own life from childhood poverty, being a child bride with three children by the time she was eighteen. Having been abused physically, mentally, emotionally, and sexually, she understands suffering and feeling unworthy. She never let that stop her from winning and creating the life she deserved.

Dr. Christine Kozachuk Women’s Life Literacy Expert is a native of North Carolina, USA. Dr. Kozachuk is an International Speaker, International Award Recipient, Entrepreneur, Author, and a Global Advocate for freedom and equal opportunity for all females of the world.
