

## **Khaled M. Asi, MD, a Neurologist with Advocate Medical Group Neurosurgery**

Get to know Neurologist Dr. Khaled M. Asi, who serves patients in Oak Lawn, Illinois.

**New York City, Jan 6, 2021 ([IssueWire.com](https://www.issuewire.com))** - As a highly-trained neurologist, Dr. Asi's primary areas of focus include neuro-interventional surgery and vascular neurology. He is in practice with Advocate Medical Group Neurosurgery, which is a part of Advocate Christ Medical Center in Oak Lawn, Illinois.

Advocate Christ Medical Center is part of Advocate Health Care, one of the nation's leading health care networks. A not-for-profit, 788-bed, premier teaching institution with more than 1,500 affiliated physicians, Christ Medical Center is one of the major referral hospitals in the Midwest for a number of specialties, including cancer care; cardiovascular services; heart and kidney transplantation; neurosciences; orthopedics; and women's health. Its mission is to serve the health needs of individuals and their families through a holistic, faith-based philosophy.

The doctor's clinical interests include arteriovenous fistulas, arteriovenous malformation, brain aneurysms, carotid stenosis, cerebrovascular disease, hemorrhagic stroke, ischemic stroke, moyamoya disease, neuroendovascular interventions, subarachnoid hemorrhage, and tumor embolization.

Licensed to practice medicine in Illinois, among many other states, he is affiliated with Advocate Illinois Masonic Medical Center, Advocate Lutheran General Hospital, Advocate Good Shepherd Hospital, Advocate Good Samaritan Hospital and Advocate South Suburban Hospital.

With a broad educational background, Dr. Asi graduated with his medical degree from the Faculty of Medicine of Damascus University in Syria. He then performed his residency in neurology at the Medical College of Wisconsin Affiliated Hospitals. This was followed by a fellowship in critical care medicine at the Cleveland Clinic Foundation, and a fellowship in vascular neurology at Case Western Reserve School of Medicine. Most recently, he completed a residency in radiology at the University of Iowa Hospitals and Clinics.

Committed to practicing medicine, he is board-certified in neurology and vascular neurology by the American Board of Neurology and Psychiatry, a not-for-profit corporation dedicated to serving the professions of psychiatry and neurology. Additionally, he is board-certified through the American Board of Electrodiagnostic Medicine.

Neurology is a branch of medicine dealing with disorders of the nervous system. Neurologists are licensed medical specialists who diagnose and treat disorders that affect the brain, spinal cord, nerves, and muscles of patients. They examine a patient's mental and physical status, conduct medical tests and scans, and evaluate the results to diagnose and treat the patient.

On a more personal note, Dr. Asi speaks several languages, including English and Arabic.
