

Simon Mardakh, MD, an Anesthesiologist with HMH Hackensack University Medical Center and Pascack Valley Medical Center

Get to know Anesthesiologist Dr. Simon Mardakh, who serves patients in New Jersey.

New York, New York City, Feb 19, 2021 ([IssueWire.com](https://www.issuewire.com)) - Dr. Mardakh is a highly trained, New Jersey-based anesthesiologist. In affiliation with Hackensack Meridian Health (HMH), he holds privileges at HMH Hackensack University Medical Center and HMH Pascack Valley Medical Center.

Founded in 1888 with just 12 beds, Hackensack University Medical Center was Bergen County's first hospital. Today, this nonprofit, teaching, and research hospital has grown to become the largest provider of inpatient and outpatient services in New Jersey. It enjoys numerous clinical, research, and academic affiliations with world-renowned partners. The medical and dental staff represent the full spectrum of specialties and subspecialties and are international leaders in health care.

Hackensack Meridian Health Pascack Valley Medical Center is a world-class, 128-bed community hospital that offers all the resources of a large facility with more personalized care for each patient. The providers have made it their goal to make a patient's hospital stay the most pleasant and comfortable experience possible.

With a solid educational background, Dr. Mardakh graduated with his medical degree from St. George's University School of Medicine in 2009. He performed his internship in internal medicine at Brookdale University Hospital and Medical Center in 2010, and his residency in anesthesiology at New York-Presbyterian Brooklyn Methodist Hospital in 2013.

A member of the American Society of Anesthesiologists, the doctor is board-certified in anesthesiology by the American Board of Anesthesiology (ABA). As the certifying body for anesthesiologists since 1938, the ABA is committed to partnering with physicians to advance the lifelong learning and exceptional patient care. Its mission is to advance the highest standards of the practice of anesthesiology.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure, and temperature, they measure the patient's respiration.
