

Exelero Launches Early Adopters Programme for Growing Companies

United Kingdom, London, Mar 24, 2021 ([Issuewire.com](https://www.issuewire.com)) - Exelero has launched its Early Adopters Programme for growing companies, helping them lift employee experience with digital workplaces that put their people first.

The programme is an exciting opportunity for relevant companies to experience and shape the direction of Exelero's industry-leading HR Suite.

As an Early Adopter, members will be able to:

- Play an instrumental role in developing Exelero's HR Suite through 1:1 feedback
- Meet with product and marketing leads to exploring the Suite's potential
- Join the Customer Advisory Board and meet other people managers
- Experience the Exelero Suite for four months and gain access to unique offers

The Early Adopters Programme comes at a moment of unparalleled digital transformation in the workplace. As companies navigate the world of remote working, so too must HR Leaders drive employee engagement across physical and digital workplaces.

To address this, Exelero has built a powerful solution for HR Leaders to oversee all aspects of the workplace, from onboarding to engagement, in a single, beautifully-designed suite.

To become an Early Adopter and learn more about Exelero, please contact **us at marketing@exelero.com** or visit <http://www.exelero.com>.

About Exelero
