Jeremy [Schulman](#) Team has great experience solving commercial disputes. In order to resolve these disputes Jeremy Schulman's team has helped lots of clients. Our litigants have handled commercial disputes and lawsuits for decades, and we are happy to share our thoughts on timely disputes affecting your business. Our commercial litigation practice is led by some of our most experienced litigators who have earned a regional and national reputation for successfully handling high-profile commercial and civil litigation in the United States and abroad.

These lawyers have handled a wide range of commercial, civil and criminal matters, from disputes over intellectual property and trademarks to consumer and business disputes in some jurisdictions, such as Hong Kong and Japan, which restrict partnerships between local and foreign lawyers, law firms operating in several countries have complex structures involving multiple partnerships. For example, US firms will often merge with firms in other countries that have shared financing and resources, while maintaining a high degree of autonomy. In some countries, firms are merging to share financing resources and maintain control over the firm's legal operations and the legal services provided by their employees.

The field of commercial litigation is extensive and lawyers who are involved in this field are dedicated to their craft to the best of their ability. The diversity of experience associated with working in commercial litigation often borders on the extreme in terms of the number of lawyers, the level of expertise and experience available to them, and the level of training, experience, and expertise of those who are about to be admitted to the bar. These facts make the experience of working with industrial litigation a unique opportunity for anyone in the legal field who is familiar with the ever-changing diversity and complexity of legal practice in this area.

Commercial disputes are often different from most other civil proceedings because the issues involved are much more complex than those involved in civil litigation, such as claims for damages. In litigation, there are often a number of different types of parties say, Jeremy Schulman
