#### 1. Music player

Can play MP3 songs from the memory card. This kid's smartwatch has a built-in 1G SD card. Let your child enjoy the fun of music entertainment.

#### 2. 7 funny games

7 kinds of puzzle games built into the kid's smartwatch, which can train kids' intelligence and thinking ability.

#### 3. Five languages

English (default), French, Spanish, German, Italian, tailor-made for children 3-12 years old.

#### 4. Audio and camera recording

Self-portrait photos and audio recordings can be saved on the memory card to capture every unforgettable childhood memory at any time.

#### 5. Two-way call & SOS

If children are in danger, they can call for help in good time and can be lit in the dark.

#### 6. Alarm clock reminder

alarms can be set at different time periods so that children can do it on time and your baby can develop a strong sense of time.

#### 7. 12/24 hour format

In 12 and 24-hour formats that allow children to learn to tell time and cultivate the concept of time from childhood.

#### 8. Calculator

With the practical device, children can practice arithmetic

The watch only supports 2G networks. It can be used without a SIM card and is very easy to use as it doesn't need to be synced with an app, if you need to use the watch's calling function, you need to buy a 2G SIM card and use the SIM's voice plan Activate card without PIN code. For DE customers, we recommend using "E-Plus" as a watch SIM card.

2020 New kids smartwatch design for 3-12 years boys and girls, smoother. Many useful functions: calls, phone book, alarm clock, SOS emergency alarm, camera, game, music player, flashlight, photo album, recording, 10 customer-specific contacts, mute mode, calculator, 12/24 hour format. Multiple languages: English (default), French, Spanish, German, Italian. It's perfect for parents who don't want to buy a kid's cell phone.

The first two phone numbers are saved as SOS emergency contacts in the phone book. When children are in need, they can call SOS to ask for help in two ways: press the power button twice, or click the SOS directly on the screen. Our touchscreen smartwatch phone will loop the "SOS" phone numbers twice. If you miss the call, you will receive an SOS text reminder message.

More fun for children. 7 kinds of puzzle games built into smartwatches, the diversification of the games allows children not only to develop practical skills but also the children's ability to think independently,

effectively to train.

The watch supports SD memory cards (the gift box contains a free 1 GB SD card). Our children's smartwatch for boys and girls only supports files in \* .mp3 format. You can download favorite music \* .mp3 for kids. (Save the MP3 files to the Micro SD card: \\ My Music folder). With a front HD camera, children can take photos and save beautiful moments. It can make children happy and interest them.
