

Launching 'GULNAZ' a collection to celebrate the magical moment in nature

Delhi, New Delhi, Mar 16, 2021 ([IssueWire.com](https://www.issuewire.com)) - Our latest **Gulnaz collection** is the **celebration of the magical moment in nature** representing the awakening/rebirth. Intertwining the beauty of the floral motifs in their utmost glory over glistening fabrics and mystical embellishments, Gulnaz aims to transport you to the mesmerizing garden of enchantment wherein one uncovers beauty from one piece to the next. Every piece crafted in this collection has its own journey like the cycle of life and is adorned/reborn in delicate embroideries, sequins, zari, and other embellishment details after the hand printing process. We believe these outfits will add sparkles of magic to your precious moments in life.
