Get to know Dentist Dr. Monika Kak, who serves patients in Naperville, Illinois.

**New York, New York City, Mar 12, 2021 ([Issuewire.com](https://www.issuewire.com))** - Dr. Kak has been practicing dentistry for over two decades after she graduated from the University of Illinois at Chicago College of Dentistry. As the owner of ATI Dental Care, she connects well with her patients, from toddlers to seniors, and provides complete comprehensive caring dental care to them.

ATI Dental Care is a Naperville, Illinois-based family dentist practice that treats patients of all ages in a

comfortable and relaxing setting. It is committed to delivering the highest quality dental care using advanced dental equipment, offering services like checkups, teeth cleaning, crowns, veneers, and more. The dental practice also performs emergency dentist services that include bonding, root canals, crowns, and bridges, setting patients on the road to recovery and long-term oral health.

Very passionate about her work, Dr. Kak keeps herself up to date with the latest technology in all related dental fields through seminars, workshops, and continuing education. She completed training in orthodontics at the United States Dental Institute, and in orthodontics, TMJ, snoring, and sleep apnea with Rondeau Seminars.

Among her professional dental affiliations, she is an active member of the American Dental Association, the Chicago Dental Society, the Illinois State Dental Society, the Indian Dental Society, and the International Association of Orthodontics. She also has experience in endodontics, pedodontics, orthodontics, oral surgery, Invisalign, and restorative procedures.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.
