New York, New York City, Mar 19, 2021 (IssueWire.com) - Punjabi Hip-Hop Artist “**Jaguar Bajwa**” is set to launch his debut album entitled “Big Bang.” The songs will be available for streaming on major online platforms such as **iTunes, Amazon, Spotify, Tiktok, Instagram, Facebook**, and more.

On March 26, 2021, the Punjabi Hip-Hop artist will release a series of music videos online on YouTube. The very first release “**Jalandhar to Lahore (J2L)**” is named after two cities - **Jalandhar (Punjab, India)** and **Lahore (Punjab, Pakistan)**. The Canadian Punjabi hip-hop artist wanted to start his career as a **mainstream** rapper and songwriter by giving a tribute to his hometown Jalandhar where he was born and spent twenty-one years of his life before moving to Canada. He envisions the city of Lahore as a source of happiness in his lyrical composition.

“It took me 12 years of self-taught learning, practice, and experience to feel ready & feature myself as an upcoming mainstream artist who writes his own music. I am transcending my craft from the genre of conscious hip-hop to the mainstream world to be able to connect to the wider audience, find acceptance and explore my creative potential with other artists,” stated Jaguar Bajwa.

The Punjabi artist since COVID-19 has been performing for many organizations which include United Nations-supported NGOs, and UNESCO Center for Peace, where he is a Goodwill Ambassador for Culture. This past Martin Luther King Day with New Generation In Action’s AFI World Peace Initiative’s “MLK World Peace Summit and Awards,” he performed amongst top prominent leaders in American Civil Rights and top Hollywood veterans. In August 2020, he also performed at the 26th session of the Youth Assembly by Friendship Ambassadors Foundation, NY, and inspired youth around the world.

“Jaguar Bajwa is an innovative artist that we are very proud of and I foresee a long-standing career. His music and style of rap are music to our ears. Having him perform at our most recent event to honor the late Dr. Martin Luther King Jr., legacy in front of Civil Rights Leaders, and top filmmaking veterans in Hollywood was an honor. It was actually the first time many saw a Punjabi hip-hop artist,” stated multi-media award-winning talent H.R.H. Princess Angelique Monét and Founder of New Generation In Action’s AFI World Peace Initiative, a United Nations Organization in Consultative Status through ECOSOC.

The album “**Big Bang**,” will release the songs entitled “**New York, England, Celebration, Am A Rapstar, and Shiny Tattoo**.” Each month “**Jaguar Bajwa**,” plans to release a music video via online platforms until **August 2021**.
