

Kloud X is reaching for the stars

Bahamas The, New Providence, Apr 20, 2021 (Issuewire.com) - **Kloud X** is an uprising artist from Nassau Bahamas, on the verge of becoming on top of the world with a variety of different styles of music, **Kloud X** makes *Drill, R&B, Pop Rock and etc.* **Kloud** has been writing music since he was 10 years old and has recently started dropping music on February 2, 2020 (1 year ago). **Kloud** has been making a name for himself with his audiomack having over 1,000+ Monthly Listeners and his having over 20,000+ Total plays. **Kloud X** is *17-years-old* right now but imagine where this young artist will be in the next 2-5 years.

Having a difficult time growing up, dealing with nothing but violence and hardship from a young age, **Kloud X** didn't grow up to be such a peaceful young man. From a young, **Kloud X** knew he wanted to rap but with the 'streets' calling his name so much, he was never able to get in a studio and focus fully on his music career. At the age of 15, **Kloud X** was arrested and charged for 'illegal possession of drugs. Once **Kloud** was let out after only 1 year of holding, he came out and decided that he'd work on music full time. At the age of 16, Kloud dropped his song "*Symbiote*" on audiomack, seeing the plays grow and grow made **Kloud** wanna do music even more. **Kloud** continued to drop songs, making his musical career rise higher and higher. On February 28th, 2021 **Kloud X** and his friend **glokkspinna** signed to *Illusions Promotions Records Ltd* making his career go even further than it was before.

We think that in the next 2 years after **Kloud X** perfects his craft, he'll be rising at the top of the charts with features from the bigger artists while having hundreds of thousands of fans supporting him along the way.
