

Koki Kobata, DC, a Chiropractor with WellnessOne of Eastgate

Get to know more about Chiropractor Dr. Koki Kobata, who serves patients in Bellevue, Washington.

New York, New York City, Apr 27, 2021 ([Issuewire.com](https://www.issuewire.com)) - Well-known for his highly intuitive sense of healing and his huge heart, Dr. Kobata is a skilled chiropractor serving as the Owner and Director of WellnessOne of Eastgate.

Guiding patients on their journey to wellness, his areas of expertise include spinal disc injuries, sports injuries, and family medicine.

For the last 22 years, WellnessOne has been serving Bellevue and the Eastside with the goal of getting patients to their future in the best possible health.

With a highly intuitive sense for healing, Dr. Kobata was first introduced to chiropractic in high school, when he spent a month suffering from a severe migraine headache. Nothing touched the pain until he received an adjustment from a doctor in Tokyo. The experience changed the path of his life and he has dedicated himself to the chiropractic profession ever since.

Graduating from Parker College of Chiropractic in 1998, he has worked with the Seattle Sounders Women's Team and the Nippon Tornadoes professional basketball team, and in 2007 was selected as the Best Chiropractor in all WellnessOne offices nationwide.

Continuously advancing his professional efforts, he is an active member of the Washington State Chiropractic Association.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.
