

## Pam Walentynowicz, RN, BSN, MBA, Registered Nurse

Get to know Registered Nurse Pam Walentynowicz, who serves patients in El Segundo, California.

**New York, New York City, Apr 1, 2021 ([IssueWire.com](https://www.IssueWire.com))** - Pam is a registered nurse who is currently serving patients in El Segundo, California. She has been in practice since 1996. Pam attributes her success to demonstrating a strong work ethic, as well as having good mentors, professors, teachers, and preceptors.

Pam earned her bachelor of science in nursing degree from Tennessee State University. She also earned her master of business administration degree from the University of Phoenix.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role of treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, as well as assisting with patient rehabilitation and follow-up.
