California, Compton, May 31, 2021 ([Issuewire.com](http://Issuewire.com)) - A few weeks ago, battle rapper/artist Jag teamed up with Canadian artist/producer Mellow & Quality Control's upcoming rap star Mark Battles to release their latest single “Gangsta”

With an intense focus, breathless flow, and thoughtful wordplay, the Cali MC Jag delivers socially charged rhymes that touch upon real-life issues and tales of hardened street life similar to fellow artists YG and Nipsey Hussle. While Mellow adds His northern perspective of the urban low-income struggles, his verse has been described as a "punchline after punchline, hardbody rap flow with a unique voice". Sonically colliding with the hard-edged, down-to-earth, punchline guru from Indianapolis, Indiana, Mark Battles

The song has already been streamed more than 44k times to date on Spotify alone!

"Gangsta" is available on Spotify, Apple Music, and various other digital streaming platforms. The link is below.
