Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

Residing in Wahpeton, North Dakota, Dr. Sheffield enjoys spending time with family and friends, going on medical missions, learning history, traveling, crocheting, and photography. She has a dog, Finnegan.
