

## Rada Norov, MD, an Internist with Sunrise Medical Group

Get to know Internist Dr. Rada Norov, who serves patients in Brooklyn, New York.

**New York, New York City, May 11, 2021 ([IssueWire.com](https://www.IssueWire.com))** - Dr. Norov is a board-certified internist, a primary care doctor, and a state-licensed provider of medical marijuana. She works at Sunrise Medical Group, taking care of the community of Brooklyn, New York.

Established in 1995, Maimonides Doctors – Sunrise Medical Group delivers world-class, comprehensive multispecialty care with a community-based understanding of healthcare needs. In addition to their expertise and training in treating a wide variety of specialty conditions, Sunrise Medical Group physicians are strong advocates of integrated primary care. They provide a full range of health care services, including annual physicals and preventative care exams, right nearby so that patients do not need to make their health a last priority.

Striving to ensure patient satisfaction, Dr. Norov is a strong advocate for an individualized approach to patient care by utilizing the latest, most effective, and research-based medical treatments. She shares a great rapport with her patients and is known for her medical knowledge and dedication among her patients and her team. Her sound medical knowledge and passion for her work are commendable and make her a valued asset to her practice.

An esteemed member of many leading professional organizations, she belongs to the American Medical Association, the American College of Physicians, and the HIV Medicine Association.

At the start of her academic career, Dr. Norov earned her medical degree from the Ross University School of Medicine. She then went on to pursue a residency in internal medicine at NYU Langone Medical Center.

Following her training, she attained board certification in internal medicine through the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

On a more personal note, Dr. Norov is fluent in Russian and English, which allows her to cater to people from varied cultural backgrounds.
