

## Shelf Corp Giant launches its '80 Paydex Program'.

**Wyoming, Sheridan, May 16, 2021 ([Issuewire.com](http://Issuewire.com))** - ShelfCorpGiant, a significant U.S. company that specializes in supplying Shelf Corporations to renowned businesses, has recently launched its [80 Paydex Program](#) for entrepreneurs and business owners. The program aims to help businesses reach the 80 Paydex scores to attract investors and get a business loan and credit approvals.

A paydex score is a business credit score indicator created by Dun and Bradstreet, that helps determine your business's creditworthiness. The score determines if you pay your vendors and suppliers on time. A paydex score is calculated between 1-100, with 20 indicating that your business pays 120 days after the deadline and 100 indicating that your business pays 30 days before the deadline. In simpler words, a high paydex score will get you higher credit limits, lower interest rates, and better payment terms. The perks of a good paydex score can save your business money, give you a significant amount of time to pay bills, and drastically increasing cash flow. A paydex score of 80 indicates that your business pays its bills on time. A score higher than that means that you pay your business bills earlier than the deadline. 80 Paydex score indicates a good credit history and makes your business entity look trustworthy and reliable in front of investors, vendors, suppliers, and banks. Your paydex score can help you save money and possibly determine the companies that might be willing to do business with your company.

ShelfCorpGiant's GM, Business Development commented- "Funding is one of the most important concerns of our clients. No matter how small or large the business is, acquiring the right funding is a tough task, and we at Shelf Corp Giant aim to make it easier for our clients. With our 80 Paydex programs, we intend to increase your business credit score in as quick as 45 days. If business owners follow our mentorship and guidelines, then I can assure you that Shelf Corp Giant will lead them in the right direction to fulfill all their credit and financing goals. Our 80-day paydex program will make your

business look attractive in front of lenders, investors, and suppliers."

[ShelfCorpGiant](#) is popular in the shelf corporation industry due to its high success rates. The company has helped lots of businesses achieve their goals with one of the largest inventories of shelf corporations in the U.S. Their client testimonials are proof of their excellent work.
