

## **Erin Seefeldt, MD, an Ophthalmologist with Evergreen Eye Center**

Get to know Ophthalmologist Dr. Erin Seefeldt, who serves patients in Federal Way and Tacoma, Washington.

**New York, New York City, Jun 7, 2021 ([IssueWire.com](https://www.issuewire.com))** - Well-versed in the field of ophthalmology, Dr. Seefeldt practices at Evergreen Eye Center in Washington. She specializes in cataract and refractive surgery, including micro-invasive glaucoma procedures and comprehensive clinical care. Comprehensive care includes diabetic care, macular degeneration, and dry eye therapy. Her goal is to maintain and maximize vision throughout a patient's life.

"I love working with patients to find the right care plan to meet their goals. I have experience with lasers for glaucoma, minimally invasive glaucoma surgery, and toric, and multifocal lens implants for optimized cataract surgery outcomes. I also enjoy working with special needs patients and low vision patients" expressed the doctor.

Kaiser Permanente has provided high-quality, affordable health care services since 1945, improving the health of its members and the communities they serve. Through their unique model, nation-leading prevention, and cutting-edge treatment, they care for their members like no other health system.

Prior to joining Evergreen Eye in 2021, Dr. Seefeldt practiced at Kaiser Permanente. She spent 3 years as Director of the ophthalmology residency program at Madigan Army Medical Center, and 20 years serving in the US Army. During her time with the US Army, she travelled the world caring for patients and led wonderful teams. Naturally, as an Army veteran, she holds a special place in her heart for veterans and their families.

With a broad educational background, Dr. Seefeldt completed her undergraduate studies at the University of Oregon. She began her career in medicine by earning her medical degree from the F. Edward Hébert School of Medicine at Uniformed Services University of the Health Sciences in 2008. She then went on to complete her internship and residency in ophthalmology at the Madigan Army Medical Center in 2009 and 2012, respectively.

A member of the American Academy of Ophthalmology and the American Society of Cataract and Refractive Surgery, she is board-certified in ophthalmology by the American Board of Ophthalmology (ABO). The ABO is an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

Furthermore, she holds certifications in various ophthalmologic techniques, including Vision ICL, Visx, Wavefront-guided LASIK and PRK, iStent, and Kahook dual Blade goniotomy.

In her professional experience, Dr. Seefeldt is currently the President of a 501c3 non-profit called Hope Vision Foundation, empowering patients with vision loss and their caregivers. She also gives back through Global Cataract Surgery Missions, providing surgery to those without regular access to care.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataract, glaucoma, and corneal surgery.

Happily married, Dr. Seefeldt has two wonderful kids and two dogs. She loves being active and enjoys listening to music, kayaking, skiing, walking, running, and swimming. She also loves creating art. If she is not outside with her family, most likely she will be inside painting.
