

Meshforce M7 Mesh WiFi System Wins Red Dot Award 2021 for Product Design

Hong Kong S.A.R., Hong Kong, Jun 9, 2021 (IssueWire.com) - The Reddot award confirms Meshforce [M7 Whole-home Mesh WiFi system](#) as the winner for product design 2021. Meshforce is a manufacturer specializing in telecommunications and IoT devices.

Meshforce M7 Whole-home Mesh WiFi system is one of the most recent releases, integrated with advanced tri-band WiFi and mesh network technology, enables a maximum of 6,000 square feet of WiFi coverage.

Design Statement

Proverbially, traditional routers have a limited range, while [Meshforce M7](#) gives strong signals throughout the whole house for its multiple WiFi points technologies. Users can always add up to 6 points to expand the network and keep connection fast in every room.

The plain white design with silver topping provides an ultimate simple and universal design code. As the center of IoT and smart home, Meshforce M7 is designed to make the product zero confliction with any home design code, as well as elegance.

Functions

Meshforce M7 makes a great achievement in the Tri-band mesh WiFi system. Hidden wiring designation reduces the visual burden and makes life less complex. An efficient cooling structure speeds up routers' heat dissipation. True mesh technology and tri-band WiFi solution system offer extraordinary network performance. Meshforce M7 can be easily set up and managed by a mobile App.

Meshforce M7 has 2 options designed for different home sizes: **1 Pack and 3 Pack. The retail price is \$109 and \$249.** Customers may order now [on Amazon](#) and the [Meshforce official store](#).

About Meshforce

[Meshforce](#) is dedicated to better connecting people wirelessly since 2018. Meshforce designs and develops the best home mesh WiFi system for consumers. **Meshforce M1, M3, M3s, and M7 WiFi systems** are loved by millions of customers, both design and performance.

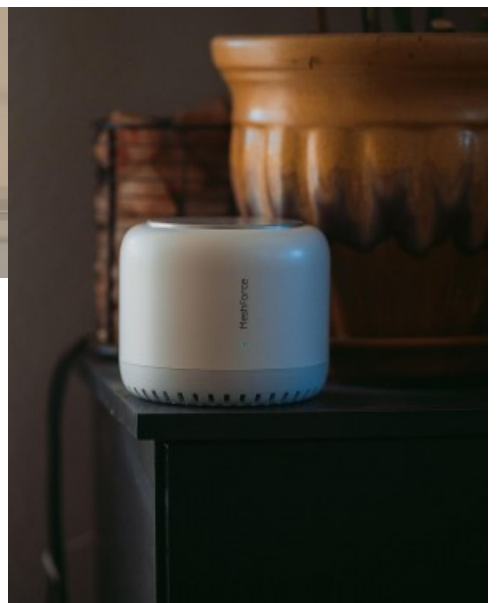

About Red Dot Award: Product Design

The Red Dot Award: Product Design, whose origins date back to 1955, appraises the best products created every year. In roughly 50 categories, manufacturers and designers can enter their innovations into the competition.
