

## Revive your Energy Levels with Rene Müller and his Upbeat Pop-Rap Representation, '300'

Talented German music artist Rene Müller is injecting a potential dose of energy with the latest single '300'. The track is an amazing combination of pop and rap.

**Zweibrücken , Jun 7, 2021 ([Issuewire.com](http://Issuewire.com))** - The invigorating essence of pop and gritty of hip hop has united in the latest single '[300](#)' by **Rene Müller**. Organic pop vocals and an upbeat musical arrangement are capable of tantalizing the souls of the listeners. A rising sense of groove creates a head-bopping rhythm and unforgettable hook. Incorporating plenty of space and creativity, the artist

meanders through the soundscape with his blended style of rap and singing. Rene's amazing vocals let him rap and sing both, making this banger a catchy combination of pop and rap.

Dwelling from Zweibrücken in Germany, this artist has been doing music for seven years now and last year he decided to come up with his own music. The latest banger '300' is a great kick-start to his new musical journey which seems promising and exciting as well. The track is written and performed by Rene himself which proves his songwriting, singing, and rapping skills. This talented German singer comes rapper has worked with Veysigz Beats who produced the track. However, the artist has broken the barrier of language and making a huge buzz around the world with his latest German single.

This emerging music artist is well-seasoned with his talent, musical skills, and 7 years of experience. Following the success of the latest track, he is looking forward to creating more anthems with a fine amalgamation of pop and rap music. Follow this artist on Spotify to experience the essence of German pop-rap music. Don't forget to find **Rene Müller** on [Facebook](#) and [Instagram](#) for future updates.
