New York City, Jun 25, 2021 ([IssueWire.com](http://IssueWire.com)) - Up-and-coming rapper **SIR COG** is blending hip hop and trap flavors with his latest tracks. Filled with intensity, weight, and contrast in lyricism, the bangers are making a huge buzz among the listeners. Some of the singles like, '[This Ain't No Joke](#)', '[They're Dying](#)', etc are the greatest examples of the rapper's skills, creativity, and consistency.

Featuring a dicey musical arrangement and hypnotic grooves, the singles are potent enough to instantly channelize energy as it progresses. The artist's razor-sharp rapping skills and a great sense of rhythm allow him to adapt to any kind of sound design. He intentionally manipulates the pace and rhythm while rapping and makes it sound more dynamic and constantly evolving. As a result, each of his bangers provides a distinctly different feature.

His other singles like, '**Wit My Pen**', '**They're Dependin' On Me**', '**The Grand Openin'**', '**Somebody Gotta Do It**', etc are some of the hits from his prolific music career.
