

Sadcat, an Emirati DJ, is up against the world.

United Arab Emirates, Dubai, Jul 13, 2021 (Issuewire.com) - Mustafa Qarooni, aka DJ Sadcat, is a DJ, rapper, and producer from Dubai, United Arab Emirates. He was born on November 24, 1988. In 2004, he began his DJ career. his musical taste Arabic hip-hop. He has worked as a permanent DJ at one of the city's largest nightclubs has performed in a variety of venues for a variety of Hip Hop musicians.

Music style

DJSadCat describes his musical style as "Urban with a touch of Reggae, Funky, and House." As a result, his style differed from that of other producers in the region; he chose Arabic hip-hop because Arabic is his first language, allowing him to rap fluently and communicate with the listeners. Being against the world caused him to consider how to work alone and do everything by himself, from writing a song to recording and mastering it and publishing it on YouTube. in the year 2008 He was sentenced to prison for a car accident, but the judge commuted his sentence due to his poor health Mustafa ended up writing a song (Surrounded) about his accident for his situation the song was popular on YouTube because it depicted a person's life being destroyed because he did not know what he was doing. the culture did not support it, people reported the song as spam. Abu Dhabi TV hosted DJ Sadcat

and his friends in 2010 for a song about the United Arab Emirates Esm3 Alsalfh for the famous show call "trip in UAE".

Dj life

DJ SadCat understands his craft and what people want to hear at each venue, He enjoys interacting with the audience and moving them. His ability to read the crowd and choose the appropriate music to play has propelled him from intimate to large-scale venues. Dj Sadcat is the epitome of "Never Give Up" on your dreams because you will one day realize them. He does receive bookings from various nightclubs in Dubai and around the world.

Dj Sadcat is the epitome of "Never Give Up" on your dreams because you will one day realize them.
