GEEK ROBOCOOK OVA

Geek RoboCook electric pressure cooker is an 11 in 1 smart appliance, with multiple preset menus, multilevel safety mechanism and elegant design. In addition to the existing innovative electric pressure cookers, Geek RoboCook has come up with a brand new product with eminent features – The Geek RoboCook Ova Electric Pressure Cooker!

The all new **Geek RoboCook Ova -8L** Electric Pressure Cooker with a non-stick pot has a pioneering design with a big Indian happy family in mind. The product has dynamic improvisation in Programmable Intelligent Cooking and the pre-set menus offer abundant choices than what most of the regular conventional cookers could offer. Geek RoboCook Ova Electric Pressure Cooker has progressive microchips which control the 13 pre-set menus not only guarantee safety is also accelerate cooking with just a press of a control button.

Geek RoboCook Ova Electric Pressure Cooker comes with a capacity of 8L oval shape serving as an all in one multipurpose pressure cooker that reduces cooking time and saves kitchen space. Electric Pressure Cookers are a widespread phenomenon across western markets so much so that every household in the USA owns at least two electric pressure cookers for cooking. The progressive EZ lock structure implemented makes the open/close mechanism easier and safer. Geek RoboCook Ova Electric Automatic Cooker can achieve what a Pressure cooker/ Slow Cooker/ Food Canner can do, anywhere, anytime unlike a normal conventional cooker. Be it any of your favourite Indian, continental or Asian dishes, instant cooking with the Geek RoboCook Ova Electric Pressure Cooker will astonish you with its work.

This cookware is particularly designed in an elongated oval shape to make larger space available in the pot. With gripping and supportive handles and with additional accessories including a rice paddle, measuring cup, soup ladle, a stainless steel rack and an exclusive 1000 plus customized recipe book.

Geek RoboCook Ova which is BIS certified by the appellate safety authority of India is now fast selling across global markets and is also certified as Amazon's #1 partner of Choice with more than 2200 reviews and a star rating of 4.5.

GEEK ROBOCOOK

Geek RoboCook is meticulously engineered to eliminate the human presence and work required during the cooking process like constant stirring, tasting, shifting between the high, mid and low flame and has come up with another smart appliance that is efficient enough to do cooking on its own. It is now time to replace your old utensils and upgrade to the all new Geek RoboCook Ova 8L Electric Pressure Cooker and enjoy the process of cooking and consuming varieties of delicious food at home.
