

# Join Global Manufacturing and Industrialisation Summit 2021

GMIS Summit 2021

**United Arab Emirates, Dubai, Aug 25, 2021 ([IssueWire.com](http://www.IssueWire.com))** - Global Manufacturing and Industrialisation Summit is a joint initiative of the United Nations Industrial Development Organization and the UAE. It is held under the supervision of Sheikh Mohamed bin Zayed Al Nahyan, along with the Deputy Supreme Commander and the Crown Prince of Abu Dhabi.

GMIS serves as a focal point for all stakeholders who contribute to the future prosperity of

manufacturing through talks, debates, and knowledge sharing - anticipating what is to come and how to get there.

After the successful conclusion of the 3rd edition of the summit, which was held virtually, Sheikh Mohammed bin Rashid Al Maktoum, Prime Minister and the President of the UAE will host the 4th edition of the summit at Dubai Exhibition Centre. This summit will go on from 22 to 27th November.

The theme for #GMIS2021 is *Rewiring Societies: Repurposing Digitalisation for Prosperity*. Under this theme, a debate will be held regarding the Global Digital Economy of 6.8 trillion dollars. The summit's debate will take place in a variety of forms, including panel discussions, interactive workshops, youth sessions, networking events, fireside chats, presentations, and interviews with important industry figures.

This new edition will feature various speakers from all over the world, such as Astronaut Marcos Pontes from Brazil, Lord Grimstone of Boscobel KT from the UK, Marta Blanco from Spain, Patrick Byrne from the USA, and many more. GMIS brings together high-profile leaders and business pioneers who provide various thought-provoking ideas while discussing critical issues in today's world.
