

Mehran Shahsavari, MD, an Internist with Norman Regional Hospital

Get to know Internist Dr. Mehran Shahsavari, who serves patients in Norman, Oklahoma.

New York, New York City, Aug 13, 2021 ([IssueWire.com](https://www.issuewire.com)) - A top internist and hospitalist, Dr. Shahsavari is an attending physician on staff at Norman Regional Hospital in Oklahoma.

He specializes in the treatment of adults and their chronic illnesses or puzzling diagnostic problems. As a hospitalist, he brings expert diagnostic care to patients during their stay in the hospital.

Norman Regional Health System (NRHS) is a multi-campus system that provides for the health and wellness needs of the regional communities throughout south-central Oklahoma. Their acute-care facility on the Porter Avenue Norman Regional Hospital is licensed for 219 beds and offers a full range of services.

Alongside his clinical practice, Dr. Shahsavari can be found on staff at Lindsay Municipal Hospital, Purcell Municipal Hospital, and Oklahoma City VA Medical Center.

A Fellow of the American College of Physicians, he is also a Senior Fellow of the Society of Hospital Medicine (SHM).

Regarding his educational background, Dr. Shahsavari graduated from Tehran University School of Medicine in Iran. He then relocated to the United States, pursuing his residency at Cleveland Metrohealth Medical Center.

Licensed to practice medicine in Oklahoma, the doctor is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

Hospital medicine is a medical specialty that exists in some countries as a branch of internal or family medicine, dealing with the care of acutely ill hospitalized patients. Physicians whose primary professional focus is caring for hospitalized patients only while they are in the hospital are called hospitalists.

On a more personal note, Dr. Shahsavari speaks English and Persian.
