

## **Daniel Hanono, MD, an Anesthesiologist & Pain Management Specialist with Comprehensive Pain & Wellness Center**

Get to know Anesthesiologist & Pain Management Specialist Dr. Daniel Hanono, who serves patients in New York, New York.

**New York, New York City, Sep 1, 2021 ([IssueWire.com](https://www.issuewire.com))** - A trusted anesthesiologist & pain management specialist, Dr. Hanono is Director of Pain Management at Comprehensive Pain & Wellness Center in New York, New York.

He offers a variety of treatment options to help alleviate chronic and acute pain including epidurals, nerve blocks, radiofrequency ablation, Botox injections, and advanced minimally invasive treatments. In addition, he utilizes medical imaging technology to precisely deliver medications or nerve blocks to alleviate the source of pain. This accelerates the patients' healing process, helping to restore function and decrease the need for oral medications.

An innovative leader in his field, Dr. Hanono is one of the first physicians in New York to begin using radiofrequency ablation for chronic knee and shoulder pain. His practice is also at the forefront of platelet-rich plasma (PRP) and stem cell therapy for musculoskeletal injuries.

Committed to improving patients' functionality and quality of life, he offers every patient the time and compassion they need, thoroughly diagnosing the source of pain and delivering the most appropriate treatment. He believes in working collaboratively with referring physicians while providing patients with individualized and comprehensive care.

Comprehensive Pain & Wellness Center prides itself on treating the whole patient, not just symptoms – taking a complete and personal approach to health optimization. As a recognized leader in today's most advanced and effective interventional treatments, Dr. Hanono and his staff are dedicated to helping patients regain healthier, happier, and more productive lives. Dedicated to pain management, patient safety, and patient education, its board-certified pain management specialists participate in ongoing education to remain current about the most advanced treatment and medication developments. Furthermore, its facilities in Manhattan are equipped with the latest in comprehensive treatment techniques and industry-leading technologies to expertly treat acute and chronic pain.

Academically, Dr. Hanono graduated with his medical degree from SUNY Downstate Medical Center in Brooklyn, New York, where he also went on to complete his residency in anesthesiology. His postgraduate training continued at New York University, where he completed a fellowship in interventional pain management.

As a testament to his continued education, the doctor is board-certified in anesthesiology and pain medicine by the American Board of Anesthesiology (ABA). As the certifying body for anesthesiologists since 1938, the ABA is committed to partnering with physicians to advance the lifelong learning and exceptional patient care. Its mission is to advance the highest standards of the practice of anesthesiology.

Among his other roles, Dr. Hanono can be found on staff at Mount Sinai Beth Israel and New York-Presbyterian Brooklyn Methodist Hospital.

Committed to giving back to the local community, he regularly volunteers at the Brooklyn Veterans Hospital in service of the pain needs of U.S. veterans.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure, and temperature, they measure the patient's respiration.

Pain management is a branch of medicine employing an interdisciplinary approach for easing suffering and improving the quality of life of those living with chronic pain. A pain management specialist is a doctor who specializes in pain medicine, focusing on the evaluation, treatment, and prevention of pain.

Dedicated to research in the field of pain management, Dr. Hanono has been published in several prestigious national journals and delivers lectures on topics related to pain management. He is a member of the American Society of Regional Anesthesiologists, the Spine Intervention Society, and the American Society of Anesthesiologists and Pain Management.

Throughout his illustrious career, he has been the recipient of various accolades, including the Patients' Choice Award (2018), Compassionate Doctor Recognition (2018, 2016), and On-Time Doctor Award (2018, 2016).
