Itinerary Builder for Travel Agents

How Trawex Itinerary Builder Software helps Travel Agents work more efficiently?

Karnataka, Bengaluru, Sep 23, 2021 (Issuewire.com**)** - Trawex creates the Itinerary Builder for Travel Agents to provide their travelers with a continuous flow of information that includes not only itineraries but also hotel information and flight tracking.

With our powerful and advanced itinerary planner, you can easily create and deliver the best itineraries and travel deals to your customers. It doesn't matter if your customer is looking for trips to exotic islands, family vacations, cheap travels, or anything in between, you would be able to fulfill the needs of all.

Trawex's exceptional and sophisticated Itinerary Builder Software assists you in simplifying your customers' journey. It is the best itinerary builder software and planner that offers you all the travel-related data under one single platform.

It enables you to find and select destinations, see maps, add and modify attractions, manage hotel booking and other activities. Its simple and interactive workforce is best for generating perfectly planned itineraries.

Itinerary Builder Software yields professional and ready-made itineraries along with AI-based auto-suggestions. It is a powerful and time-saving tool; the single-click itinerary sharing process makes travel professionals more productive and profitable; online chatting functionality improves conversion ratios, and activity notification improves tour operator follow-up.

Our travel itinerary software assists travel agents and tour operators in creating day-by-day itineraries for their customers that include every aspect of a trip, no matter how complex.

Our Travel Itinerary Planner provides the features to create bespoke, dynamic, and automated itineraries. Travel agents and tour operators can create multi-destination, day-by-day itinerary details using pre-loaded products or by integrating the tour builder with a diverse array of GDSs or APIs.

It is simple to combine services such as flights, accommodation, transfers, and activities to create an itinerary to suit any customer's requirements.

Travel agents and tour operators can easily create day-by-day travel itineraries using our user-friendly tour software, which works well for both single-center and multi-center trips.

Trawex is the best itinerary builder and trip planner, providing you with all travel-related details on a unified platform. It allows you to search for and select destinations, view maps, add and modify attractions, manage hotel reservations, and other activities. Its simple and interactive landscape is best for generating perfectly planned itineraries.

Trawex helps simplify tour operator travel with its unique and smart Itinerary Builder. Using advanced technology, we assist travel agents in organizing, centralizing, and automating their agency's business operations.

It acts as a travel agency BackOffice automation that provides services such as payment schedule, supplier management, invoicing. Ultimately Trawex makes the process simpler and simplifies all the agency's operations.

Access to product descriptions and other important details for key hotels and services provided, which can then be added to your itineraries one by one. Include all services, from flights to hotels, tours, and transfers, and choose whether to add each service manually or through a GDS or third-party API. Itineraries can then be saved as a template or built from scratch every time.

Using our dynamic itinerary builder as your back office software, you can create pre-packaged or completely bespoke itineraries to attract your customers.
