Site Reliability Engineering (SRE) Certifications

Site Reliability Engineering (SRE) Fundamentals™, Site Reliability Engineering (SRE) Practitioner™, Site Reliability Engineering (SRE) Leader™

Maharashtra, Pune, Sep 6, 2021 (Issuewire.com**)** - Value Delivery Factory is a provider for Site Reliability Engineering certifications. They work with Education Partners from around the globe like the USA, Canada, South Africa, Zambia**,** Bulgaria, India, etc.

All certificates and accreditations available through Value Delivery Factory reflect the most current methods, trends, and strategies in Site Reliability Engineering. Also, they are open to suggestions, recommendations, and contributions by the various global members and partners that they are associated with. According to Ms. Minakshi, CEO of Value Delivery Factory "We strongly believe our SRE Certifications perfectly complement our global partner's Services and together we are providing Global Learners a cost-effective way to invest in their professional careers. Also, we strongly believe that SRE Teams are the Value Centre"

Value Delivery Factory offers certifications across three specializations namely, Site Reliability Engineering (SRE) Fundamentals, Site Reliability Engineering (SRE) Practitioner, and Site Reliability

Engineering (SRE) Leader.

Our partners are dedicated to achieving successful customer outcomes. Value Delivery Factory provides flexible partnership to give partners the support they need, anywhere along with the Training certification portfolio roadmap. Partners have access to Value Delivery Factory intellectual property, toolkits, enablement, and downloads to assist with their implementations. Partners engage with learners and organize training courses for corporates and end-learners. Partners leverage authorized courseware to expand upon or build existing training business through Partner Portal. For more details please visit our website at https://valuedeliveryfactory.com/.

We are proud to announce that we have registered Fands Infonet Pvt. Ltd. (Registered Office at – 1, Sheshadri 1, Rambaug Colony, Paud Road, Pune, Maharashtra, India 411038) as our education Partner to offer Site Reliability Engineering (SRE) Certifications Portfolio and SRE/DevOps Tools training.

Fands is an acronym for Fast and Steady. As the name suggests the organization is steady in its quest for learning new technologies and thrives on fast response. The clients have no hesitation in engaging the services of Fands, simply because Fands works as the client's extended training department. Fands provides a one-stop solution and considers itself totally accountable to the client while providing its scope of professional services.

Fands follows the principle "Think Global Act Local". It absorbs the best global practices of international training fraternity employing Indian trainers, ensuring high quality at optimum cost. Services of Fands have been used by all reputed IT establishments in Pune and other major centres in India like Bangalore, Chennai, Delhi, Hyderabad, And Mumbai.

Fands is known for pioneering training in cutting-edge technologies. Over the last 2 years, Fands is conducting training on Dev ops, Cloud (AWS /Google/ Azure), Microservices, and Artificial Intelligence and Machine Learning programs.
